Put your journal in the spotlight

In addition to our core publishing services, we offer our partners a range of additional value-added marketing services to help promote your journal, attract authors or engage with users.

These marketing activities are individually priced, so you can create a tailored package to precisely meet the needs of each journal.

Some of our publishing partnerships

Emerald works with associations, universities and organizations worldwide to help them produce and disseminate their research. All the journals featured below are published under a platinum OA arrangement, in that all charges for publishing an OA article in these titles are funded by the publishing partner and there is no charge to the author.

European Journal of Management and Business Economics

EJMBE is published by Emerald on behalf of Academia Europea de Dirección y Economía de la Empresa. The journal publishes research associated with the areas of business economics, including strategy, finance, management, marketing, organization, human resources, operations, corporate governance, and tourism.

Irish Journal of Occupational Therapy

IJOT is the official journal of the Association of Occupational Therapists of Ireland. On a biannual basis, IJOT publishes quality articles that further debate and evidence-based practice within occupational therapy, both in Ireland and abroad.

Journal of Intelligent and Connected Vehicles

JICV was first proposed in 2017 by the State Key Laboratory of Automotive Safety and Energy in China to reflect the recent advances in research in the field of intelligent and connected vehicles. The first volume will publish in 2018.

Maritime Business Review

MABR is published by Emerald Publishing on behalf of Pacific Star Group Educational Foundation. The journal aims to provide the latest research insights and state-of-the-art of the theory and management practice to maritime researchers and practitioners on all aspects of maritime business.

Journal of Defense Analytics and Logistics

Published in association with the Air Force Institute of Technology's Center for Operational Analysis, JDAL considers a broad range of topics across the logistics, operations research, and supply chain management space. However, each research article considered must contribute directly to the art and science of national and/or international defense.

International Journal of Excellence in Government

IJEG publishes leading scholarly research associated with all aspects of transformational excellence in Government. It is published in association with the Prime Minister's Office at the Ministry of Cabinet Affairs, United Arab Emirates.

RAUSP Management Journal

RAUSP covers all fields of management, including Entrepreneurship; Education, Strategy and Business Economics; Corporate Governance; Finance and Accounting; Environmental Management; Public Management; Technology Management; Marketing; Quality and Productivity; Human Resources and Organizations; and Information Technology. It is published on behalf of the University of Sao Paulo (USP), Brazil.

Asian Association of Open Universities Journal

Published in association with the Asian Association of Open Universities, AAOUJ publishes high quality papers on the topics of Open and Distance Education (ODE). Papers submitted to this journal may be an empirical study, case study or critical literature review and should bring readers new information, knowledge, evaluations of theories or best practices of ODE.

Journal of Economics Finance and Administrative Science

Published on behalf of ESAN University in Peru, which has more than 50 years of experience in the higher education field and post graduate studies. JEFAS publishes articles from business areas such as operations, supply chain, economics, finance and administration.

ISRA International Journal of Islamic Finance

IJIF is published on behalf of the International Shari'ah Research Academy for Islamic Finance (ISRA). Aimed at both academics and practitioners, the journal publishes articles in the areas of Islamic economics, finance, banking, capital markets, takaful and law.
